Leaderboard77S ships with free Easiteach educational software

The 77S LeaderBoard by Dukane is an advanced digital board that creates a large interactive projection screen when connected to a PC and data video projector. The teacher or presenter controls the computer by touching the board surface with their finger or a stylus. Mouse control functions and annotation are made possible with a touch, enabling the presenter to stay in front of the audience while running any software program.

The LeaderBoard 77S was designed for the instructor who wants to quickly benefit from interactive presentation technology without hours of learning and preparation time. For advanced users other software upgrades are available to achieve more feature-rich interactive presentations. The Dukane Leaderboard 77S is also durable and comes with a Dukane 5-Year Warranty to protect your investment.

## Leaderboard77S Features

The LeaderBoard 77S is an easy-to-use interactive digital whiteboard that gives any instructor the power to engage their audience. It can also be operated without a projector to capture whatever is drawn on the board.

- 15 permanent keys on the board for quick access to Annotation, Files and Presentation Tools
- Simple method for modifying the annotation pen color, and the eraser width.
- Intuitive screen capture, viewing and retrieval methods.
- Virtual WhiteBoard software to quickly capture and retrieve written ideas.
- Pressure sensitive surface for finger touch operation.
- Included Easiteach Starter Interactive Software
- Special matte finish for superior image quality.
- Five-year warranty
